DISCOVER DUBAI

Dubai is a city of many personalities with an array of activities and experiences waiting to be discovered, whether you are travelling on business, a romantic escape or with family.

A city of record breakers, Dubai is home to the world's tallest building, Burj Khalifa, which towers at 828 meters over Dubai Mall, the world's largest shopping center and most visited tourism destination.

Dubai has long been considered a true paradise for golfers and it is known for having some of the best designed courses by the world's best course designers. From 18 hole championship courses to equally challenging par 3 courses, all of which are a major draw for accomplished and casual golfers alike.

Rising up between the Arabian Gulf on the east and the vast desert on the west, there are plenty of opportunities for adventure. Venture into the desert for a thrilling 4x4 car ride across the sand dunes followed by dinner under the stars or set sail on a cruise around the Palm Islands.

In the historic Bastakia quarter, the city's most picturesque heritage sight is Dubai's oldest building: the 1799 Al-Fahidi Fort, which now houses the Dubai Museum. Visitors are invited to explore Dubai's history, culture and traditions through an engaging collection of multimedia displays and archeological exhibits from desert excavations.

Our Concierge team can arrange privileged access to Dubai's many attractions, whether you decide to arrange your itinerary upon arrival or in advance.
